

## Brutally honest Election summary 2020:

I will do my best to summarize my opinion on this election. Most think that this is merely an election to determine which political party will be in power for the next 4 years. If the white house and congress will be blue or red. It is much more than that. I believe that it is a personal spiritual battle for your eternal soul. I believe that if you vote for the lesser of two evils that you are voting for evil and you will share responsibility for that evil for eternity. If you do not vote then you share in the punishment no matter who wins since both candidates are evil. This is a heavy Burdon and I pray for GOD's forgiveness and guidance.

No matter who wins we are under GODs perfect judgement. We have murdered (sacrificed to the god of this world - Satan) too many children. Approximately 24 million, 16 million since 2000 and approximately 2000 per day. All of us are guilty of eating meat sacrificed to idols. Human meat that is. Aborted fetal tissue is used in Vaccines and also flavoring in Pepsi and other foods, etc. There is not much chance that this judgement can be postponed any longer.

If Trump is elected and he prosecutes some of the criminals as he promised to do in 2016 but failed to do then we may get a second chance.

If Biden wins, we will lose everything including our republic and will go under a [Scientific technocracy](#) based on the Chinese communist model. We may enter a hot civil war when patriots wake up to this fact and try to recover the republic. No one can predict the future. This information is from published books and articles written in plain sight by the globalist which have completed this process in at least 4 other countries. This time it is worldwide.
