

They are protesting against what? - answer Fake News - This shows the immense power of Fake news. I am not saying the cop did not kill the guy or that he is innocent. I am saying that it does not matter. The story was hyped to the point of destruction even before these facts can be known. I am not saying the virus does not exist. It is a genetically engineered bio-weapon no worse than the seasonal flu. Hyped by the fake news media to the point of shutting down the entire country and murdering millions by starvation in the third world and thousands in nursing homes. Trump has done nothing about the fake news and will pay for this by losing the election if he even gets that far. Also, his personal hotel chain empire has been destroyed. I cannot believe that Trump is that stupid.

They are protesting the death of 1 man, but are totally unaware that they have been DNA damaged, sterilized, and only have a short time to live. No protesters against that!!!

Trump has given a mandate for State attorney generals to go after big Tech and Media Censorship and fake news. This is criminal Racketeering and traitorous overthrow of an elected president. The protests are an obvious consequence of this criminal activity by media and government. A second example is that PayPal and other credit cards and banks are refusing to process payments to several independent journalists. Google searches are rigged so that the truth is buried or blocked completely. You no longer have access to the truth through the internet. Facebook, Twitter, and YouTube shadow ban, factcheck, and even DE platform Christian and Conservative content.

Would you allow these companies to only service white people? Then how can you allow them to only service leftist.

If you are curious as to where all of these violent rioters are coming from. Democrats are paying Defense Contractors to teach minors how to riot, burn buildings, block traffic, and how to get arrested to delay the police as well as organized riot tactics in more than 200 cities nationwide as well as Europe. They are doing it in the schools. We have the documents. They actually believe that life will end in 12 years AOC, and that Trump is a NAZI. <https://www.millennialmillie.com/>

## Who is responsible for killing the Cops?

Don't attack the useful idiot protestors. A lot of them are even minors. They are only misguided cannon fodder for the Criminal traitors at the top controlling the System. This is a list of the groups who are funding, Training, and organizing the cop killing looters.

The Minneapolis Riot was planned <https://www.millennialmillie.com/>

How is it that Antifa was known as a terrorist organization for the last two years and nothing has been done. The answer lies at the top of the FBI and DOJ. Barr and Wray have to be corrupt for this to happen. They are protecting Hillary and Obama. For two years it has been known that Wray signed the illegal FISA court warrant. Wray's conflict-ridden professional Justice Department network has been devoted to defending the interests of some pretty nasty swamp creatures. Why is Barr's DOJ prosecuting whistle blowers like Rodger Stone and Julian Assange and doing nothing about Antifa?
